

Coping with changes in behaviours

Online via Zoom

Monday 14 September 2020

This session provides an introduction to dementia and changes to the brain, effects on behaviour and the impacts of changed behaviour. It will introduce problem solving models, including strategies to minimise and respond to changed behaviour.

Dementia Australia's facilitators have specialist dementia knowledge, skills and experience. These sessions are delivered interactively, you will be encouraged to share your experiences alongside other participants giving you an opportunity to develop new support networks.

Suitable for:

Family carers and family members of people living with dementia. This program is not suitable for professionals employed in the health or aged care sectors.

Time: 10:30-1:00pm
2.5 Hours

When: Monday 14 September
